## *What do Suffolk County students have to say after hearing our presentations?*

*"I learned that stigma is a word used to stereotype someone who has a mental illness."*

*"I would like to stop using words such as 'maniac' because it discourages people with mental illness from seeking help."*

*"Mental illnesses are biological and hereditary caused by changes in the brain and a predisposition. They are nobody's fault and they are treatable."*

*"Stigma is making ignorant generalizations about people."*

*"I will try to help people with mental illnesses. I will stick up for them if they are being picked on."*

*"I learned so much I can't explain it!"*

*\*Quotes are from middle and high school presentation evaluations forms.*
